### THE ABSOLUTE FACIAL

40.00 - 55 MINUTES

A wonderfully relaxing yet instantly effective facial treatment for all skin types. Tailor your treatment to suit your needs, with skincare containing premium essential oils and active ingredients Coenzyme Q10 and Hyaluronic Acid. Once the skin has been thoroughly cleansed and exfoliated, one of our four signature Facial Oils will be massaged into the face, neck, chest and shoulders. The super hydrating Absolute Facial Serum will then be left to melt into the skin whilst you enjoy either a hand or foot massage. The anti-ageing properties of our 14 BioActive ingredients, including Rose and Sandalwood, leave your skin improved elasticity and a bright youthful appearance.

### THE ABSOLUTE EXPRESS FACIAL

30.00 - 25 MINUTES

This shortened version of our full facial is perfect for a quick refresher when you cannot spare a whole hour of pampering. A condensed but active treatment to effectively repair and restore your skin.

### BESPOKE BODY RITUAL

35.00 - 55 MINUTES

A unique full body indulgence whereby the massage techniques, the pressure, and the blend of essential oils are completely tailored to your needs. Allow your therapist to help you choose from our Relaxing, Revitalising, or Detoxifying massage oils.

### EXPRESS RITUAL

30.00 - 25 MINUTES

A classic back, neck and shoulder massage to help relieve specific areas of tension. The perfect 'quick fix' if you cannot spare the time for our full body ritual.

## MICROBLADING

Microblading is a semi-permanent makeup application using a small blade which can mimic individual hair strokes to help frame your face and define your eyebrows. The brows are designed specifically for the individual, so they can lift the eyes and give a more youthful appearance. Clients with sparse over plucked eyebrows can have them corrected using this method.

A thorough consultation is given to choose the right shade to match your hair and skin tone to achieve the results you want. If you have thin, unruly, uneven brows or no brows at all, where you have to draw your brows on every morning, then this procedure will make a huge difference to your beauty regime and self-confidence. For best results it is required to have the 4-6 week top-up appointment after microblading as this is a two-part treatment.

Please note a patch test is required up to 48 hours before treatment.

A 50% deposit is required to secure your appointment.
